US Army, Sergeant

January 2012 - January 2017

I served honorably for 5 years as a military police officer, achieving the rank of Sergeant in a very short amount of time (2 years). As a Sergeant I was in charge of several soldiers during the course of my career. Never once did anyone under my supervision get demoted, have a negative mark, or have any nonjudicial action taken against them. In addition to that every soldier I oversaw was promoted quickly, many of whom also received awards.
